LOT 7 - Modern Era Lionel O Gauge Anheuser-Busch Budweiser 6-11810 O27 Gauge Train Set in box

Description

Modern Era Lionel O Gauge 6-11810; Anheuser-Busch Budweiser O27 Gauge Train Set featuring a GP-9 Diesel Engine, a boxcar with metal axles and wheels, operating knuckle couplers, an Anheuser-Busch caboose, transformer, straight and curved tracks, lockon and wires and UL-listed transformer. Set looks unrun C9+, contents are unrun/un-used but packing/inserts show some minor signs of age. Set box lid flap has been clear taped shut in the past, cut open for photographs. Box is clean, shows little wear, super square and solid but again shows some minor signs of age. Nice looking "King of Beers" train!
