LOT 124 - Postwar Lionel O Gauge No. 350 Transfer Table with Control

Description

Postwar Lionel O Gauge No. 350 Transfer Table, used for transferring rolling stock between parallel tracks. Includes the Lionel 350 Ton building, controller, two sets of reproduction instructions, four adapter brackets, four O Gauge adapters and four O27 adapters. Typical, a couple very small spots of very light surface rust starting to form, nicer C6.

Quantity: 1
