LOT 257 - Early Prewar Standard Gauge Cast Iron Toy Train Layout Fence and Gate Sections

Description

Early Prewar Standard Gauge Cast Iron Toy Train Layout Fence and Gate Sections. Sections feature an open lattice-style design with embellished tops and decorative accents. The sections are green with gold paint. Thirty sections measuring approximately 12 inches outside of foot to outside of foot and approximately 5-1/2 inches tall from foot to ball finial. Six short gate hinge sections and six gate doors. One section missing a finial and one section has a detached foot that is still present and included. Fence ranges from near new looking to C5 range. Fantastic way to really add period correct detailing to a prewar standard gauge operating layout.

Quantity: 1
